Downtime Expected: None

Virtual IPM Release Notes

Updates included in this release:

Bug Fixes:
1. User Activation Email Expiration
2. Update Language on Activation Email

Bug Fix #1
Details:
1. Implemented a fix to allow for user activation emails to have a longer active time frame prior to expiring
2. Previously this was 24 hours, this was updated to be 90 days

Bug Fix
Details:
1. Updated the language in the activation email to note the expiration period within which a user must activate their account
2. Updated text states: "Please note, your temporary password will expire after 90 days."
